D SERIES PANEL-ON-PANEL AIR HANDLERS FOR DEMANDING APPLICATIONS

FEATURES:

Panel-on-Panel Cabinet Construction:

Panel-on-panel design provides a clean, efficient cabinet structure suited for a wide range of HVAC applications.

Structural C-Channel Base:

Rigid C-channel base construction delivers dependable structural support for both indoor and outdoor installations.

Recessed Drain Pan Design:

Integrated recessed drain pan helps manage condensate effectively while supporting reliable long-term operation.

Insulation Material Flexibility:

Available with fiberglass or USCG-rated mineral wool panels to meet project, code, or application requirements.

Indoors or Outdoor Installation Capability:

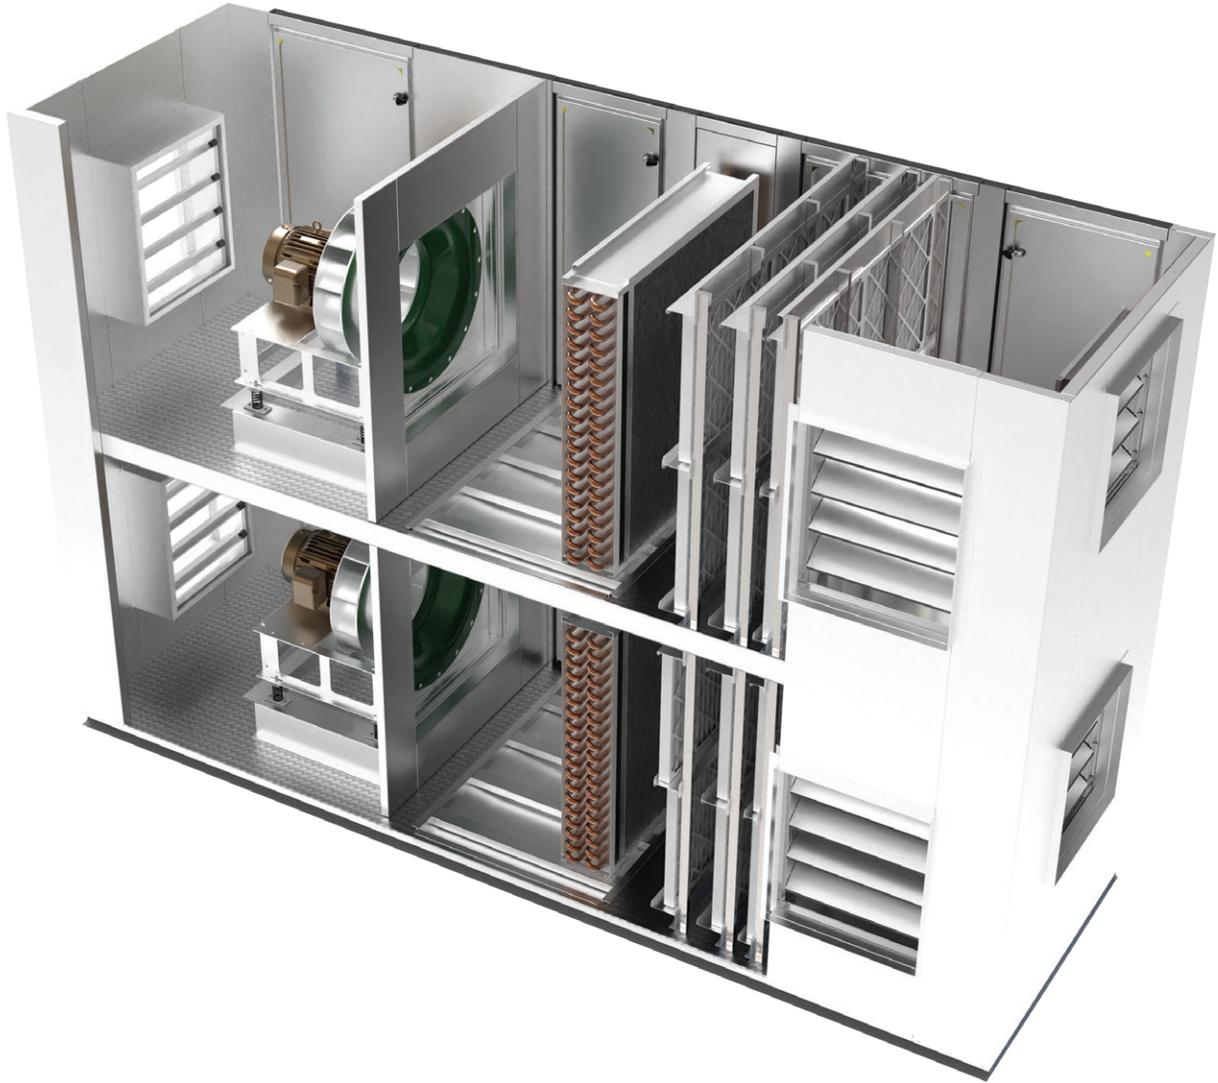

Designed for flexibility across indoor, rooftop, and outdoor installations.

- ① Corner Panel Assembly
- ② Wall Panel
- ③ Floor Assembly
- ④ Base
